PRESS RELEASE

TMK Gulf International Pipe Industry LLC receives a 52 KM Line pipe order from Daleel Petroleum

The Sultanate's leading pipe manufacturer, TMK Gulf International Pipe Industry (TMK GIPI) LLC, part of global pipe manufacturer TMK, was recently awarded the contract to supply API 5L X52 (Sour service) line pipe with 3LPE coating for Daleel Petroleum LLC. The total load will be around 4,5 kt.

3LPE coating system is a multi-layer coating structure composed of three coating materials of fusion bonded epoxy (FBE), copolymer adhesive and PE or PP top coats for steel pipe anti-corrosion. With years' of experience and expertise in 3LPE pipes and anti-corrosion coating materials, TMK GIPI has established itself as a leading level technology player in the Sultanate and been well recognized for its remarkable performance in oil & gas pipeline corrosion-resistant field.

TMK GIPI is the only manufacturer of 6" to 24" Diameter high pressure Electric Resistance Welded (ERW) Steel Pipes in Oman and will commence delivery of this order from October 2016. The pipes supplied by GIPI are 18 meters in length. The extended length of 18 meters pipe, rather than a standard length of 12 meters, significantly reduces the end user's construction costs by over 30% on welding, NDT and other associated costs, as well as substantial improvements in the speed of project execution. Additionally, a local manufacturer brings other synergies to the customer on just in time delivery, less handling and related logistical challenges, as well as providing a cushion against any damaged products, which can be immediately replaced.

Vladimir Shcherbatykh, CEO, TMK GIPI said, "We are extremely honored to win another contract from Daleel. Our company's motto is to provide quality products & services and the fact that we have bagged a repeat orders from Daleel is testament to our commitment. TMK GIPI is well on its way to be a market leader in the Sultanate as well as the region in providing line pipes & casing pipes for the oil & gas industry as per customized standards and requirements."

TMK Gulf International Pipe Industry (TMK GIPI) was established as a Limited Liability Company in Sultanate of Oman in January 2007. TMK GIPI is the first manufacturer of high pressure steel line pipes and casing pipes in

Oman and the first mill in MENA region and sub continent of India to manufacture high pressure 24” electric resistance welded (ERW) steel pipes.

TMK (www.tmk-group.com)

TMK (LSE: TMKS) is a leading global manufacturer and supplier of steel pipe for oil and gas industry, operating more than 30 production sites in the United States, Russia, Canada, Romania, Oman and Kazakhstan and two R&D centers in Russia and the USA. In 2015, TMK’s pipe shipments totaled 3.9 million metric tons. The largest share of TMK’s sales belongs to high margin oil country tubular goods (OCTG), shipped to customers in over 80 countries. TMK delivers its products along with an extensive package of services in heat treating, protective coating, premium connections threading, warehousing and pipe repairing. TMK’s securities are listed on the London Stock Exchange, the OTCQX International Premier trading platform in the U.S. and on the Moscow Exchange MICEX-RTS.

TMK’s assets structure by division:

- Russian division:
 - Volzhsky Pipe Plant;
 - Seversky Tube Works;
 - Taganrog Metallurgical Works;
 - Sinarsky Pipe Plant;
 - TMK-CPW;
 - TMK-Kaztrubprom;
 - TMK-INOX;
 - TMK-Premium Service;
 - TMK Oilfield Services;
 - TMK CHERMET.
- American division:
 - 12 plants of TMK IPSCO;
 - OFS International LLC;
 - TMK Completions.
- European division:
 - TMK-ARTROM;
 - TMK-RESITA.
- Middle East Division:
 - TMK GIPI (Oman).
